Gretna Green Finding June Its Favorite

The month of June was a marriage license record-breaker in Orange county. During that marrying month 142 licenses were issued by County Clerk Williams and his deputies. That beat the previous record by three licenses. August, 1912, with 139 had been the best month. The first six months of 1914 has but little more than heid its own against the first six months of 1913 with a total of 676 for this year up to now and 664 for the first six months of last year. The totals for last year were: January, 111; February, 80; March, 108; April, 119; May, 114; June, 132; July, 111; August, 135; September, 130; October, 110; November, 112; December, 120.

The months of 1914 produced as follows: January, 96; February, 85; March, 109; April, 131; May, 114; June, 142. Comparison shows February to be a short month for marriages, while June and August are favorites among those who are wedded in this county. Examination of the records shows that a large proportion of the licenses are issued to couples living outside the county.

CRATER ACTIVE AGAIN THIS MORNING

Mt. Lassen Sends Out Column of Smoke 5000 Feet High at 5:45 a. m.

DELUGE OF ASHES OVER NEARBY COUNTRY

Sulphur Fumes in Air 22 Miles Away—New Rift on North Slope

REDDING, July 1.—The fiercest eruption on Mt. Lassen since the main crater burst into activity a month ago occurred at 5:45 this morning. The air is still. A great column of smoke ascended 5000 feet before "mushrooming" and sending a shower of ashes and pumice over the surrounding country.

The ashes fell thirteen miles from the mountain while sulphur fumes saturated the air at Volta, twenty-two miles distant.

The eruption was visible for an hour when the smoke settled about the crater and obscured the mountain. A new rift which appeared on the north slope is belching forth smoke.

FUMES CAUSE SNEEZING EPIDEMIC AT MANTON

Fumes from the volcano came up strong at Manton and Volta at 8 o'clock. Nearly everyone is sneezing. Ashes were falling so thickly at Platcau, six miles above Manton, that the mountain only a quarter of a mile away was totally obscured.

It is reported that since yesterday's eruption Manzanita Lake, thirteen miles from the mountain's summit, has fallen three feet.

ACTION ON DRY AMENDMENT DEFERRED

Consideration of Hobson Prohibition Measure Postponed Until August 1

WASHINGTON, July 1.—In the absence of a majority of its members the house rules committee postponed until August 1 action on the Cantrell resolution providing for the immediate consideration of the Hobson national prohibition amendment to the constitution.

PROHIBITION UP IN COMMITTEE

WASHINGTON, July 1.—The House Rules Committee was slated to meet today to consider the Cantrell resolution providing a rule for immediate consideration of the Hobson national prohibition amendment in the House. That the committee would report favorably on the resolution was the belief in Congress today. Representative Hobson predicted that a vote would be taken by Aug. 6 or 7. Members, anxious over the outcome of the voting, believed that it would be preferable to have a count of noses now, rather than to wait a program of campaign "education" on prohibition this fall by the "drys." Women suffragists hoped to be able to tack a rider on the proposition so as to secure a suffrage constitutional amendment but the rules committee members were not inclined to give this idea favorable reception.

ASSASSINATION MAY EMBROIL ALL EUROPE IN WAR

BERLIN, July 1.—That war between Austria and Serbia will result from the assassination Sunday at Sarajevo of the Austrian Archduke Francis Ferdinand is feared by diplomats who believed that Russia is prompting the Servian signs of aggression. If Russia is involved the peace of Europe will be endangered. Officialdom is convinced that there was a widespread plot behind the assassination and that it originated in Serbia.

A note said to have been sent from Vienna to Belgrade demanding the conspirators' punishment is interpreted in Serbia as a direct reflection on the people. They are furious and many popular demonstrations are being made. The Austrians, on the other hand, are enraged by the declarations of Servian papers that the assassination was caused by the Austrian oppression of Servians in Austrian territory.

Developments today show that a deep plot was made for the assassinations. Bombs were found planted in various rooms of the house the archduke was expected to occupy in Sarajevo.

PRETTY BOOKKEEPER ASKS \$5000 FROM U. S. NAVY OFFICER

SEATTLE, July 1.—Alleging that she suffered an attack at the hands of Lieut. James P. Olding, U. S. The girl alleges that while she was alone with Olding he compelled her to endure his demonstrations of affections and that as a result she alleges she suffered "extreme anguish of mind which finally resulted in illness and nervous breakdown."

The girl is now seeking the recovery of her health at a summer resort. An attorney filed the suit.

ADMINISTRATION FLAYED BY COLONEL ROOSEVELT

In Pittsburg Address He Says Tariff Laws Colossal Failure---Living Cost No Lower

PITTSBURG, July 1.—Thousands greeted Theodore Roosevelt here last night when he arrived to make his first speech of the 1914 campaign. The streets were roped off to keep back the crowds. The sidewalks were lined for most of the way. When Colonel Roosevelt entered the hall he was cheered for several minutes. He was never received with more enthusiasm in any campaign.

After the first half hour of comparatively easy speaking a huskiness was apparent in the Colonel's voice, showing that his throat still troubled him.

His speech was divided into three parts, an attack on the Wilson administration, an indictment of "bosses" and an exposition of the principles of the Progressive party.

The administration's tariff laws, Colonel Roosevelt hailed as a colossal failure, particularly hard upon the farmer; its anti-trust program he branded as an economic absurdity, its foreign policy he styled "wretched."

The Democratic tariff he insisted had brought distress upon the nation, had not lowered the cost of living and had chiefly benefitted foreign rivals of American business. The solution depended upon the enactment of laws for tariff revision by a non-partisan commission.

The Colonel warned those dissatisfied with the administration not through their resentment to throw their support to bosses. To do so he said would only ensure a continuation of "government by convulsion of a governmental seesaw between two sets of policies."

"Two years have proved us to be right. Their promises have not been kept. Their performance has brought distress upon the nation. The cost of living has not been greatly reduced. Not the slightest progress has been made toward solving the trust question. But the business community has been harassed and harried to no purpose, and the prosperity of the business man has been checked, exactly as the prosperity of the farmer and the wage worker has been checked."

"It is, of course, essential to rebuke those leaders who, by their action, helped to put the present administration in power, and, moreover, it is of vital consequence to the future well-being of our people to drive from public life all men whose political activities in state and nation alike have been such as those of Senator Penrose. I mention the name of Senator Penrose merely because he typifies a class. Mr. Penrose stands in Pennsylvania as Mr. Barnes stands in New York."

"Their political lives depend upon their keeping politics in such condition that decent men cannot succeed them."

Advocate Non-Partisan Board

"We Progressives advocate the immediate creation of a non-partisan commission, with power to propose revision of the tariff rates, schedule by schedule, treating each case on an intelligent consideration of its merits, divorced from favoritism and the fostering of special interests. Our proposed methods would never disorganize business by a complete change in all the tariff schedules at one time."

Of the Progressive anti-trust program, he said:

"The Progressives advocate the creation of a strong interstate trade commission and would give such commission, primarily, three powers:

"First, the power of investigation. Second, the power directly to prohibit all unfair trade practices within its jurisdiction. Third, the power to end

the exclusive control of a factor necessary to production by an order adapted to the circumstances of the particular case.

"We cannot control our great national business without power, national power. But the Democrats dare not use power themselves, nor let any one else have it. Their trust program, as it stands today, is made futile by this fear. Their official administration bills propose a weak Federal trade commission, with no power except to investigate and report."

"The house of representatives has also passed a bill supplemental to the Sherman anti-trust act. Many of the provisions of this bill deserve commendation. Similar provisions will be found in the Progressive anti-trust bills."

"But the Clayton bill goes hopelessly wrong in that it forbids specifically any combination or agreement in interstate commerce between any two or more corporations, firms or even individuals. They propose that two farmers selling milk across a state line cannot co-operate; and that two men doing any business across a state line cannot form a partnership or a corporation. They insist that our business must go back to the period of not merely 1850, but 1650."

"This is economic absurdity. Unlimited competition has proved one of the greatest curses of modern civilization. The new freedom is merely the exceedingly old freedom which permits each man to cut his neighbor's throat."

"By long and disappointing experience we have had several cardinal facts hammered into us.

"First, we cannot, and do not want to destroy all corporations; we must have large units to do our work."

"Second, we cannot make every man compete with every other man; we cannot go back to 1850, still less to 1650."

"Third, we cannot destroy monopoly by attacking all forms of concentration."

"Fourth, we cannot destroy real monopoly by attacking its legal form. We must find out and take away the real economic basis of monopoly."

"Fifth, we can get no effective results through the courts, with their slow and restricted procedure."

"Sixth, we must encourage honest business and allow that business concentration which will give the power necessary to serve us."

"Seventh, there must be co-operation among business men, among wage workers, and among farmers."

"We have had now twenty-four years' experience with trying to regulate business by destruction."

"The only alternative is the Progressive plan."

THE COLONEL IN GOTHAM: PAYS VISIT TO SPECIALIST

NEW YORK, July 1.—Colonel Roosevelt returned today from Pittsburg. He visited the office of Dr. Holbrook Curtis, a throat specialist, then visited the editor of the magazine which will publish his Brazilian article. The ex-president then lunched with a party from the American Museum of Natural History, later starting for Oyster Bay.

"THEY WILL NOT HAVE TO LET ME"

Dr. Curtis said that the Colonel would be able to make speeches after a rest of six weeks. When reporters suggested that the doctors might let him be a candidate after all Roosevelt replied, "They will not have to let me."

Tomcat Puts Housebreaker to Flight in Bloody Encounter

LOS ANGELES, July 1.—A gigantic tomcat, the property of C. H. Ziegler, routed a burglar in a bloody battle at the Ziegler home at daylight, according to Ziegler's report to the police.

The cat attacked the man as he was bending over a strong box he was trying to open. Ziegler was aroused by the cat's shrieks and found the animal clinging to the burglar's back tearing at his head and neck. The burglar leaped through a window. The cat was covered with blood, and the wall was blood-spattered.

POWERS' MARINES IN RUSH TO CAPITAL?

May Be Case if Huerta Government Falls—Report That U. S. Concurs

The mediators having taken an indefinite recess, no further word is expected from them until more is heard from Carranza relative to his sending of envoys to confer with the Huertista representatives.

GENERALS GONZALES AND OBREGON ARE PROMOTED

MONTEREY, July 1.—General Carranza today promoted Generals Gonzales and Obregon, commanders respectfully of the east and west Mexican constitutionalists, to the ranks of major general, making both rank with General Villa. The latter's supporters are furious, declaring the action a deliberate insult. Carranza has designated Monterey to be the provisional capital.

6000 REBELS LEAVE TODAY FOR SAN LUIS POTOSI

TORREON, July 1.—That Villa had telegraphed President Wilson urging the lifting of the embargo on arms and the permitting of the rebels to get supplies direct from the United States for the prosecution of the last leg of their campaign against Huerta, was reported here today. General Gonzales with 6000 rebels left Saltillo today for San Luis Potosi to join General Torres, who commands 12,000 there. The significance of the move was not explained.

POWERS' MARINES IN RUSH TO MEXICAN CAPITAL

VERA CRUZ, July 1.—Rumors gained momentum today to the effect that a dash to Mexico City has been planned by the combined German, French, British and American marines in the event of the collapse of the Huerta government before a substitute government can be arranged.

It was pointed out that this would not be construed as intervention but merely as a precaution to protect the various foreigners.

The United States is reported to have agreed with the other powers on the desirability of such action. The military and naval authorities here are agreed that the dash will be unopposed. There is no confirmation of the reports here.

There has been no news from the capital today following the disquieting news of last night to the effect that Huerta is drinking again and that the situation is hourly growing worse. Refugees here hourly expect word to arrive of actual trouble.

They believe that anarchy will rule if Huerta loses his grip.

DID LIND ADVISE CONSTITUTIONALISTS ON EMBARGO?

WASHINGTON, July 1.—A resolution demanding an investigation of the charges made by a New York paper that John Lind had advised the Mexican Constitutionalists that they could evade the American embargo by shipping arms and ammunition via Cuba was introduced today in the house by Representative Kahn of California.

The Federals were ambushed near Santiago according to the message. 100 were wounded. The rebel loss is reported as light. All mines in that district are closed. Foreigners are making their way to the coast.

WILSON NOT DISCOURAGED OVER MEDIATION OUTLOOK

INSANE MAN GAVE BUARO STATION A SCARY TIME TODAY

Man Who Escaped From Asylum Was Threatening Harm With Knife

Frank Donahue, who escaped from the insane asylum at Patton, gave a number of people at Buaro a fright this morning. The man was sent to the asylum from Anaheim in December, 1912. He arrived at Buaro last night. When first observed he had a long-bladed knife, with which he cut up Hazard's mail-box. He threatened to use the knife on all who approached him. He declared he was going to blow up all the homes in sight.

Constable C. E. Jackson and Deputy A. K. Cravath were notified, and they went to Buaro from Santa Ana. They were told that the insane man was hiding behind the barn at the Lewis home. Jackson found the man standing in front of a box, busily slashing potatoes. Before the men knew it, Jackson seized his arm and got the knife. Donahue was placed in jail here, and will be sent for by the Patton authorities.

A BROTHERHOOD ORGANIZED BY PRESBYTERIANS

Excellent Program Rendered; Splendid Address by Dr. Walker

At an enthusiastic meeting, held at the First Presbyterian church last evening, a Church Brotherhood was organized.

The meeting was called to order by the pastor, Rev. J. A. Stevenson, who led in prayer. George Thacker was called to the chair.

After the constitution and by-laws had been read and adopted the following officers were elected: President, H. W. Lewis; vice president, A. M. McDermott; secretary, J. B. Hawley; treasurer, George McGill.

Mr. Lewis, the new president, then took the chair and after a few remarks placed the meeting in the hands of the program committee.

The Mars Quartette, composed of Perry Thomas, Arthur Shipley, Richard Garstang and Joseph Irvine, rendered the following selections: "Sleep Kentucky Babe," and the "Bulldog on the Bank." Clifford Joanson sang the "Perfect Day" and responded with an encore, "Last Night was the End of the World." Charles Tidball gave two readings, "Chums" and "Jim Brady's Big Brother."

The speaker of the evening, Dr. Hugh K. Walker, of the First Presbyterian church of Long Beach, gave a very interesting and instructive address on "The Foundation Planks of a Brotherhood," in which the three principles recommended to govern a brotherhood were as follows:

First, "every brotherhood should be engaged in boosting Bible study as the Bible is the source of all learning and a working knowledge of the Scriptures is necessary to accomplish the best results."

Second, "the church should be the center of social service, as the greatest thing in life is brotherhood."

Third, "the brotherhood should support the Sunday and mid-week meetings and bring men to an acquaintanceship with Christ, their elder Brother."

After the address Hubert Schenck was called upon and he sang "Aloha Oe." Harry Garstang gave a selection on his fairy bells. Charles Tidball read "Circus Day" by Foley and when called back responded with "Moo-Cow-Moo." The quartette closed the program with "We Meet Again Tonight Boys."

After a few closing remarks by the president and prayer by J. N. Osborn the meeting adjourned to a social hour which was well spent in getting acquainted and in getting the signatures of the charter members.

NOTES OF THE GREAT PLACENTIA OIL FIELDS

Placencia Courier: Several new wells are due for completion soon, among them one of the North American's on the Woodward lease, the Monte Cristo No. 3 on the Robertson lease, the No. 3 of the Dorsby Oil Company and the California-Oklahoma No. 1 on the Leimer tract. The Dorsby well promises to be a large producer as it offsets the Union Oil Company's No. 14 well, which is still doing about 800 barrels a day.

Monte Cristo has brought in well No. 2 on the Robertson lease, with a 500-barrel flow of 23 gravity.

Number 2 on the Bastien lease flowed for about three hours Sunday, but cleaning up operations are still going on. A good well is expected.

The Pittsburg-Pacific Oil Company began erecting a derrick and houses for the men on G. G. Lemker's place last week. This is the first derrick in the Yorba Linda field. There are several more expected soon.

CRACK GERMAN LINER IN COLLISION

The North German Lloyd steamship Kaiser Wilhelm II, which left Southampton June 17, in the morning by way of Cherbourg for New York, was in collision in a dense fog later in the day with the steel steamer Incmore, a coaster, and was so badly damaged that her commander ran her back for repairs.

The collision occurred in the English Channel. Thick weather prevailed all day and the fog was very heavy and low off shore. The Kaiser Wilhelm II, bound out, and the Incmore, bound in, were following courses that brought them close together soon after the big passenger vessel got straightened

out in the channel.

The Kaiser Wilhelm II is one of the crack vessels of the North German Lloyd. She was built in 1902, and when she was launched held the record for size. Her trial trips showed that she was possessed of remarkable speed, and for some time she had the reputation of being the fastest boat in the transatlantic service. She held the records for east and west bound passages until the Lusitania stole her honors. She is 684 feet long, 72 feet wide and 40 feet deep, and is appointed luxuriously. She registers 19,361 tons gross. Captain R. Dahl is her commander.

WASHINGTON SAD, AND THE NAVY, TOO

WASHINGTON, July 1.—The old town didn't look quite natural today, for "Shoo's" famous "Thirsty" on "Rum Row"—E street—was closed forever. Here in a quaint, dingy little place, Shoemaker's has dispensed for more than a half century plain and fancy drinks for the high and the lowly. Many a man prominent in public life has sought respite from political duties over one of Shoo's mint juleps, or gin rickeys. Beside him the humble government clerk had his "split of beer." Gin rickeys first saw the light of day at Shoo's. The drink was first ordered by Col. Riekey, and from that time on it was popular the country over. Shoemaker's used to be known as "Cobweb Hall." But two years ago an ardent health officer decided that the forty-year-old wells must be cleared out. They were, but the ancient lithographs, tarnished souvenirs of Lincoln's days, and more modern banners, mementoes and pictures remained to make of the "thirsty" the strangest little bar-room in the whole country. The reason for the passing of this historical bar was the fact that its lease expired today, and the place, recently bought by Frank A. Munsey, was taken over as the site for his Washington Times newspaper plant.

—Dr. James W. Shaul, Eye, Ear, Nose and Throat, Suite 417-19 Hollingsworth Bldg., Los Angeles. Will be in Santa Ana afternoons.

YANKEE CREWS IN HENLEY REGATTA

HENLEY-ON-THAMES, Eng., July 1.—Henley Regatta, England's greatest water carnival, opened today in a blaze of glory, in the presence of King George, Queen Mary and the elite of British and European aristocracy and sporting society. Thousands of craft, ranging from magnificent houseboats to punts and outriggers, lined up by the banks, as King George and Queen Mary and the leading members of the court were rowed over the course in the famous state barge, propelled by twelve of the royal watermen, gorgeously in scarlet and gold. In view of recent suffragette activities extraordinary precautions were taken by the land and river police, to prevent interference with the program, and the boats of the various competitors will be under strong guard during the four days' racing.

This year's entries created a record for foreign competitors, and for the first time since 1905 the United States was represented by two eights and three single scullers. The American eights, which are competing for the Grand Challenge cup which practically carries with it the championship of the world for this class of event, are Harvard University and the Union Boat Club of Boston, Mass. Other foreign entries for the "Grand" are Winnipeg Rowing Club, Winnipeg, Canada, and the Mainzer Ruder Verein of Mayence, Germany. The Royal Club Nautique of Ghent, Belgium, has entered an eight for the Thames Challenge cup.

For the Stewards' cup (fours) the Mainzer Ruder Verein of Mayence, Germany, and the Grasshopper Club of Zurich, Switzerland, compete, while in the Diamond Sculls, virtually the world's amateur championship for single scullers, America is represented by James B. Ayer, William Tudor Gardiner and Paul Withington, all of the Union Boat Club, Boston, Mass.; Canada by Robert Dibble, Don Rowing Club, Toronto, Canada; and Italy by Giuseppe Sinigaglia, Lario Club, Como.

So seriously has this foreign invasion been taken by British rowing men that the Leander Club, England's leading aquatic organization, has strained every nerve to put the best possible eight in the competition for the Grand Challenge. There will be the usual strong college eights from Oxford and Cambridge, but when Leander puts it self to the trouble it always manages to get a real England eight. Leander always gets into the final and the crew which will do duty this year is D. L. Day, S. E. Swan, C. E. V. Buxton, E. D. Horsfall, C. S. Clark, A. F. R. Wiggins, F. F. Scutcheon and R. C. Bourne. The best of the British champions for the "Diamonds" are A. McCulloch, E. G. Williams, S. E. Swann, E. D. Pinks and E. L. Watts. The finals will be rowed Friday and Saturday. Only twice have American oarsmen carried away the Henley trophies, in 1872 when Columbia University won the Visitors' cup (fours) and in 1897, when E. H. Ten Eyck, Wachusett, Mass., won the Diamonds.

LIABILITY LAW IS UP BEFORE COUNCIL

Anaheim Plain Dealer: At the city council meeting Thursday night City Attorney Ames reported that he had gone into the details of the employers' liability law, securing rates, etc. He recommended that the city clerk compile a report on the total salaries of the city's employees, so that the amount to be insured could be determined. His recommendation was adopted.

There were six bids for furnishing the city with 1500 barrels of road oil. Roadamite Company got the contract on an offering of 68 cents per barrel, f.o.b. Los Angeles.

ITS FORESTRY NURSERY HERE WELL STARTED

Located on Vance Street—
Tiny Trees Bought at
Low Prices

The Board of Forestry has leased a site on Vance street between D and E streets for the county nursery, and County Forester J. M. Grant has the bath-house almost completed. The county gets its lease from Dabbs Bros., and a large portion of the land used in the construction was bought from that firm. The rental is \$20 a year.

The nursery has received one shipment of tiny trees, most of which will be ready for setting out next spring. Those received are 1000 date palms, 1000 California fan palms and 500 Arizona cypresses. Within the next three or four days the nursery will receive 2000 oaks, 3000 Jerusalem pines, 1500 mock orange trees (undulatum), 2000 cedar deodar, 500 magnolias, 1500 camphors, 300 acacia dealbata, and some others. The forester hopes to be able to get 1000 redwoods from the forest service by paying express charges. Most of the trees so far ordered have been secured by Grant for one and two cents apiece. The oaks cost four cents. While only about six or eight inches high now, they will be two feet or more in March.

Yesterday the nursery was visited by three members of the board of forestry, A. E. Bennett of Tustin, Willard Smith of Orange and T. E. Stephenson of Santa Ana. The 1000 date palms were received in small pots, and have been transferred into square felt paper pots in which the palms will remain until they are planted next spring. The California fan palms and the Arizona cypresses are also to be transferred to larger pots, so that the roots may be properly developed in time for planting.

Seed of a number of varieties of trees have been purchased, and will be planted within a few days in a burlap seed house. Grant is not going to take any chances of having damage done the seed beds by mice. The seed will be planted in boxes, which will be put on tables, the legs of which will rest in cans filled with water. Grant says that if given an opportunity a mouse will make a meal off of germinating seed, and that he has known of whole boxes of seeds ready to sprout being destroyed in a night by mice.

Members of the rivers and harbors committee have been expressing disappointment in Washington, according to dispatches, because they have been obliged to postpone their visit to Southern California, including Orange county. They had intended to start for Los Angeles about June 23, but as the rivers and harbors bill has not yet passed the Senate, where it is booked for a tempestuous course, the members of the committee feel obliged to remain in Washington until it is finally disposed of. They hope that their trip here will be merely postponed for a few weeks.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertise-ment.

THOUGH THE NAVY HAS NOT FOUNDERED 'TIS HIGH AND DRY

WASHINGTON, July 1.—No more is the jolly jack tar's song "Yo-ho-ho and a bottle of rum."

The navy went dry today.

Secretary Daniels' orders against the officers' wine mess, the use of any alcoholic beverage aboard battleships or in land stations or officers' clubs ashore was clamped on today. Conse-

quently there was gloom in navy circles today. They felt the new order might be a hardship sometimes, and besides it swept away a time-honored custom. It means practically total abstinence for navy officers and men, at least while on a cruise.

The order is so sweeping that an officer ashore cannot have any liquor, provided he maintains a residence in a naval reservation. Commanding officers are made personally responsible for enforcement of the order.

Secretary Daniels' dry order was promulgated sometime ago, on recommendation of Surgeon-General Braisted, who felt that liquor aboard battleships was not conducive to the high standard set by the administration. The secretary's early investigations of the navy surprised him, for he found that officers were allowed to buy light wines in the wine mess, and to serve it with dinners. Likewise his friendship with Secretary of State Bryan, an ardent temperance devotee, is believed to have figured in his dry navy decision.

The official order reads: "The use or introduction for drinking purposes of alcoholic liquors on board any vessel or within any yard or station is strictly prohibited, and commanding officers will be held directly responsible for the enforcement of this order."

STRINGENT LAW IN WEST VIRGINIA ON SALE OF LIQUOR

WHEELING, W. Va., July 1.—West Virginia awoke today a dry state for the first time in history. By virtue of the 90,000 majority for prohibition two years ago the legal sale of liquor ceased at 12:01 this morning. Brewery, distillery and saloon property valued at approximately \$60,000,000 is worthless today. Twenty-five thousand persons are seeking other employment.

Stringent legislation against those who seek to sell intoxicants became effective today with the new order. To give away liquor or sell it means a jail sentence and fine for the first offense. Jail sentences not to exceed five years are provided for a second offense. Patent medicines to the extent of half those now sold throughout the United States are barred from sale in this state. All preparations containing more than one-half per cent of alcohol are classed as intoxicants. Advertisements of liquors are barred from newspapers. It is unlawful to distribute advertising pertaining to intoxicants of any character. Saloonists, distillers and brewers who allowed liquor to remain in their establishments today were in violation of the law. State officials are conducting a search of all such places with orders to make arrests and confiscate the goods if violations are found.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe that Anybody Can Apply

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmothers' time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays by asking at any drug store for a 50 cent bottle of "Weyth's Sage and Sulphur Hair Remedy" you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair, and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.—Advertisement.

THE CANDIDATE AND HIS VOICE

Col. Roosevelt, being ordered by his physician to quit campaign speaking on account of a weak throat, may now reflect on the connection between vocal cords and political success. A bad throat has often upset governments and shifted political history.

Not long ago a campaign orator was expected to make but two or three speeches a day. He would leisurely travel from hall to hall. His voice was compelled merely to meet the strain common to all legislators and lawyers.

Today the race for ballots puts the orator in a flying automobile. Crowds of voters gather at the crossroads, in much the same spirit as on annual circus day. The candidate must talk twenty, thirty, or more times a day. His voice is lost in the immensity of out doors. To make people hear, he must rasp his throat. It is the most sensitive tissue in the body. Not one in twenty has one made of rubber or gutta percha.

So most politicians' voices go bad. The Colonel's voice has a queer falsetto trick, due to this kind of use. It looks as if he were trying to make people laugh by voice antics, but his friends say he can't help it, that it is a condition brought on by overuse.

Theoretically, the voters read the speeches in the papers and make up their minds on facts, logic, and argument. Actually the campaign automobile speech gathers in the votes. People are moved by the personal contact. If a man shows that he has force, alertness, a capacity for swift thrust and parry, and if he plays skillfully on the mental attitude of the hearer, he gets the votes, even if the five minute speech is only a kind of "how d'ye do-good-by." The man with the leather throat has a long start.

VACATION ADVICE

Most of the vacation advice given to business men by Dr. Louis R. Weismiller, physical director of the West Side Young Men's Christian Association of New York, is good, if not new and if not entirely necessary.

If a man can be a "kid" again in a wholesome, harmless way, as Dr. Weismiller advises, it will surely do him good, and help to take the starch out of his character and the wrinkles out of his heart. But we must dissent from Dr. Weismiller's advice to take up "Nick Carter," "Jesse James" and other dime novel "thrillers" as aids to rejuvenation. Few of us could swallow them again with the zest with which we reveled in these stolen sweets in boyhood any more than we could eat with relish the green apples and the half-ripe fruit that seemed so inexpressibly delicious to us then.

If we tried the physical diet of painful revolt; and if we should go back to "Nick Carter," "Jesse James" and other rough intellectual fare of our early days, we should find our mental stomachs no longer in sympathy with such nutriment.

Nothing could more conclusively prove to us that we were no longer kids than the attempt to enthuse over this sort of refreshment. Mental tonics are needed for the weary business man during his vacation, but with such stories of adventure and excitement within reach as those of Robert Louis Stevenson, Joseph Conrad, Rudyard Kipling, Conan Doyle and half a dozen others, who combine satisfying literary merit with "thrills" that go down into one's boots, why attempt "Nick Carter" any more than the green apple of our boyhood Eden?

JO V. SNYDER IS CANDIDATE FOR LIEUTENANT GOVERNOR

Time was when nearly all candidates for legislative and executive office came from the ranks of the legal profession. In California, if the present trend holds a little longer, the profession of journalism will outrank the legal profession as a source of supply of candidates and officers. The latest candidacy to come from a newspaper office is that of Jo V. Snyder, of the Grass Valley Morning Union, for the Democratic nomination for lieutenant governor.

Prominent Democrats in all parts of California believe that Mr. Snyder would bring strength to the ticket, as he enjoys a wide and popular acquaintance from Del Norte to San Diego. He is reputed to be a hustling and vigorous campaigner, as well as an eloquent and fluent speaker.

Although a young man, Mr. Snyder has played quite a prominent part in the affairs of his party and the state. He was born and raised in Nevada county and is a sterling type of the California self-made man. After receiving only a common grammar school education Mr. Snyder started as a printer's "devil" on the old Nevada City Herald and through his energy and ability worked himself up

until he became business manager and part owner of The Morning Union, one of the leading country dailies of the state.

In 1903 Mr. Snyder represented the Ninth district in the Assembly, being the first Democrat elected to this office from Nevada county for over twenty years. He was the floor leader of the Democrats in the lower house and received the vote of his party for speaker of the Assembly, although he was the third youngest member of that body. He made an enviable record and was a staunch friend of all important labor measures, and of legislation tending to the benefit and upbuilding of California.

In 1904 Mr. Snyder ran over 3000 votes ahead of his party ticket for State Senator in the Third District, and on two different occasions he declined the nomination for Congress in the old First district. In 1912 he was a delegate from California to the Democratic National convention at Baltimore, that nominated President Woodrow Wilson. Mr. Snyder is the third grand vice president of the Native Sons of the Golden West and will become grand president of the order in 1917.

STATE IS PROSPEROUS, RAILWAY CHIEF SAYS

REDLANDS, July 1.—R. W. Richardson, general superintendent of the Northern Pacific, was here yesterday morning in his private car accompanied by his wife. They are making a trip over Southern California after touring the northern part of the state. Mr. Richardson says that in all parts of California he was impressed by the evidences of prosperity on all sides. He says the railroads will find it hard to handle the immense crowds that will come to California in 1915.

—The Peninsular Railway Company, operating through the Santa Clara Valley, affords many attractions to sightseers who take the various trips over its lines. Leland Stanford Junior University, Alum Rock Park, with its numerous mineral springs, situated in a beautiful canyon, and Congress Mineral Springs, are among the many attractions to be enjoyed. FOR OUTGOING OFFICERS

Mrs. C. E. Ruddock and Mrs. Frank Adams Hostesses to Retiring Ladies

One of the most charming functions of the week was the entertainment yesterday afternoon of the outgoing officers of Sycamore Rebekah Lodge by the retiring Noble Grand, Mrs. Frank Adams and the Noble Grand, Mrs. C. E. Ruddock, at the home of the latter on North Birch street.

The cheerful rooms were beautifully decorated, a patriotic color scheme being carried out with a profusion of flags, red geraniums and Shasta daisies and greatly admired by their guests.

One of the diversions of the afternoon was an advertising guessing game. Mrs. Crawford winning first prize, a hand painted plate and Mrs. A. E. Shoemaker the consolation, an active kitten. Miss Nellie Bacon's sweet voice was heard in several solos during the afternoon.

The twenty-five ladies who enjoyed the hospitality of the two officers were served with a three course luncheon, the color scheme being cleverly carried out in the different delectable viands.

Interesting Class Recital

Miss Ruth Frackleton of Los Angeles, who teaches the Fletcher method of instrumental music, gave an open class demonstration yesterday afternoon at the residence of Mrs. W. L. Deimling, who has taken a great interest in the work.

The rooms were profusely decorated with all kinds of flowers, which the children of the class brought for the occasion and took much pride in displaying.

Exercises were given by the twelve little pupils of Miss Frackleton's class, the apparatus used was displayed and the forty-five or fifty parents and friends of the class, who thoroughly enjoyed the occasion, were given permission to examine and ask questions as to the method, which is certainly unique.

The children played little solos and after the demonstration, Mrs. Deimling and Miss Frackleton served their guests with light refreshments.

Woman's Club Outing

"Backward, turn backward, Oh, Time in thy flight,

Make us kids again, just for today." This doesn't make a very good rhyme, but it fully expresses the sentiment of the members of the Woman's club and their husbands, who hied themselves in goodly numbers to Orange County park yesterday, it being the occasion of the annual outing.

The picnickers wandered through lovers' paths, waded in the brook, played various games and best of all they partook of a dinner, which would be difficult to excel at any time or at any place. Brief but interesting after-dinner talks were made by H. Diers, Mrs. C. P. Crose, J. M. Atkins, Mrs. C. S. Shaw and Mrs. Frank Ey.

This was the last meeting of the club until October.

The Losers Paid

The Sunday school class of Mrs. Lea Warren of the United Presbyterian church was splendidly entertained last evening at the home of Mr. and Mrs. John McFadden. This was the close of the contest the girls have been holding and it was also the birthday of Miss Flora McFadden, one of the members of the class. A jolly good time was had in playing games. A splendid lunch was served by the losing side in the contest. A birthday cake on which there was thirteen candles burning was a fine decoration to the table. Sandwiches, pineapple salad, cake and fruit were served.

Tough Luck Social

A "Tough Luck" social will be held at the First Presbyterian church this evening at 7:30 o'clock. Admission will consist of five cents' worth of something to eat.

WEDDING

Miss Irene Smith Becomes Bride of Willard Nelson at Interesting Nuptial Affair

The closing day of June saw one of the prettiest weddings of the season, when at 8 o'clock last evening Miss Irene Smith, daughter of Mr. and Mrs. E. W. Smith of 846 Van Ness avenue, became the bride of Willard Nelson, son of Mr. and Mrs. John A. Nelson. Forty friends of the popular young couple witnessed the ring ceremony, which was performed at the bride's home by Rev. J. A. Stevenson of the First Presbyterian church, assisted by Rev. E. J. Inwood, of the First Methodist church, who pronounced the benediction after the young couple had been made man and wife.

A most elaborate and artistic color scheme had been carried out in the decorations, the colors in the reception room and parlors being pink and green, ropes of Shasta daisies and ferns adorning the stairway, pillars and picture moulding. The bridal party, which descended the stairs to the strains of Lohengrin's Wedding March played by Miss Linna Yarnell, stood under a great bell of Shasta daisies, suspended with white tulle, the background being a bank of fresh-leaved fern.

The winsome bride, who was a graduate this year of the Santa Ana high school, was lovely in her wedding robes of white crepe de chine fashioned in a girlish Greek style, trimmed with lace and passementerie, the filmy wedding veil sweeping the floor and fastened with loops of orange blossoms. She carried the dainty blooms of lilies of the valley.

The bride was attended by Miss Dorothy Twist, gown in pale green silk mull, with pink trimmings and carrying a bouquet of Cecil Bruner buds. The groom was assisted by Eck Lacy.

As the wedding guests arrived they were met in the hall by the brides parents, Mr. and Mrs. E. W. Smith, and their son, Flake Smith and his wife. Mrs. Smith, senior, wore wine colored satin adorned with lace, and the younger woman was beautiful in her bridal gown of white satin.

After hearty congratulations to the young married pair, the handsome wedding gifts of cut glass, silver and linen were inspected, one of the interesting presents being a pile of gold pieces amounting to \$100 from the bride's parents. The attendants were all remembered by the bride and groom with pretty gifts.

A wedding collation was served in the flower-decked dining room, where the color motif was pink and green, hydrangeas being used in all their gorgeous beauty in combination with ferns and other small pink blooms for the chandeliers. A bevy of white-gowned maidens, class mates of the bride, served the refreshments and later dispensed fruitade in the reception hall. They were Misses Dixie Perkins, Varrian Cravath, Violet Twist, Emily West, Fern Smith and Faria Benius.

Before the bride and groom departed for their trip to Santa Catalina the former tossed her bouquet, her sister, Miss Fern Smith, being the delighted possessor. The going away gown was of Alice blue moire, with bonnet and accessories to match. The stay at the island will be indefinite and upon their return Mr. and Mrs. Nelson will reside in their cosy bungalow, which is waiting for them on Van Ness avenue.

The out of town guests were the Misses Gardner of Artesia, Mr. and Mrs. Wm. Marsh of Orange; Floyd and Charles Geyer of Los Angeles.

Pleasant Porch Party

A charming affair was given yesterday afternoon by Mrs. Alfred Partridge at her beautiful home on Fairhaven avenue. Mrs. Partridge was assisted by her sister, Mrs. Alice Harned.

The spacious porch was beautifully draped with bunting in honor of the glorious Fourth. One amusing feature of the afternoon was a game of auction, in which Mrs. Will Blakeman won the prize, a whisk broom and holder and Mrs. Hupp was awarded the consolation, a small flag.

At the close of the delightful afternoon, cooling refreshments of ice cream in nests of half cantaloupes,

Outing at Beach

The members of the Ladies' Aid and Woman's Missionary societies of the First Methodist church went to Newport beach today for an all-day meeting. Although the time was curtailed through the lack of car service, much fun was crowded into the few hours' delay.

North Side Club

Mrs. J. R. Wilson of 1911 North Spurgeon street was hostess yesterday afternoon to the ladies of the North Side club. The rooms were bright with Shasta daisies and pink sweet peas.

The ladies spent a merry time quilting for Mrs. Wilson, happy chat being indulged in throughout the swiftly-passing hours. Late in the afternoon a sumptuous supper of fried chicken, hot biscuits, ice cream and cake was enjoyed, the meal being served in lap trays.

For Tot's Birthday

Little Florence, daughter of Mr. and Mrs. J. Howard Turner, having reached the mature age of one whole year, entertained yesterday afternoon at a dainty little celebration, her mother being hostess by proxy.

The children and their mothers gathered on the beautiful lawn of the G. A. Edgar home and had a happy time, the pleasant and vine-grown summer house being utilized in which to serve the delectable refreshments. The tiny honoree was remembered with a number of pretty gifts.

Sunday School Board Meeting

The regular Sunday School board meeting of the First Methodist church took place Monday evening, a bountiful supper being served and thoroughly enjoyed before the session was called to order. The tables were decked with Shasta daisies.

During the business meeting, re-

ports were heard from the different officers. This will be the last board meeting until fall.

WOULD ENFORCE EQUAL PAY LAW

Teachers Association Leads a
Movement to Raise the
Dead Letters

The California High School Teachers' association, in convention at Berkeley, has started a campaign for the strict enforcement of the law requiring equal salaries for men and women teachers. This law is the one that State Senator Anderson of Santa Ana sought to repeal at the last legislature, one argument being that it was a dead letter law. Some local women's organizations opposed the repeal.

A Berkeley dispatch says: "Led by Miss Laura M. Kingsbury, teacher of history in the Eureka high school, women of the California High School Teachers' association, in convention this afternoon, formally started a fight for salaries equal to those paid to men of the same grades and certification. Convinced that, although there is a state law specifying that there shall be no discrimination for sex, there is a wide difference being made, the women drew up resolutions asking that the State Board of Education enforce that law. These resolutions will be presented to the general session of the teachers' association on Friday.

"The drafting of the resolutions is but a preliminary step in the fight for equality of pay checks, according to Miss Kingsbury.

"A test case of the existing law and a united demand from the women teachers of the state were tentative lines of campaign mapped out in the brief Berkeley session.

"Supply and demand hasn't anything to do with it. It is a habit, declared Miss Gloria Carr, of Los Angeles. 'If we were to put up a fight for what we should be paid we might get it. I do not know as I blame the school board that doesn't raise the pay of a girl who hasn't the nerve to ask for it.'

"Before presenting the resolutions for adoption, Miss Kingsbury related her experiences before the Eureka school board, before the state board, and told of having written to the governor telling of the law and its lack

'CAUSE HE EXPECTS A VISIT FROM HIS WIFE'S MOTHER DEAR!

of enforcement. She states that it was everywhere known that there was such a law, but that many held it ineffective, 'as if a school teacher has enough money to test a law in the courts,' she added.

"In a meeting early in June the State Board of Education passed a resolution endorsing the law and agreed to send copies of its action to the various city and county superintendents of the state.

"The resolution of the women teachers follows: 'Whereas, the state law states that females employed in the public schools shall in a. cases receive the same compensation as male teachers who hold the same grade and certification.

"Whereas, the State Board of Education has recently adopted resolutions declaring that it is the sense of that body that the law be enforced and that this resolution be sent to every county and city superintendent.

"Therefore, be it resolved, that we heartily endorse the act of the state board in general and the State Superintendent of Public Instruction in particular and that we ask them to carry the matter still further and that we ask them to do all that lies

in their power to see that the law is enforced."

"The resolution received a unanimous vote."

Los Angeles Produce Market
The influx of tomatoes from Imperial Valley and other outside territory has not been very heavy during the past few days while the demand has been on the increase with the result that the local supply was a little short and the price on the market advanced again to \$1 and a little better per crate. Cucumbers and lettuce also showed some firmness. Sweet corn advanced fractionally on the vegetable list. Peppers have declined and there has been little change in bunch goods.

The demand for local fresh fruits and the heavy arrivals of bananas from New Orleans and Galveston has caused some price cutting and dealers in order to sell their fruit dropped as low as 3 cents on very good stock. There were not sufficient pineapples on the market to create any changes in that tropical product which is in good demand. Peaches are very plentiful and some really beautiful fruit is arriving. The quotation by the pound is from 1 1/2 to 2 1/2 cents. Green Gage plums are arriving in quantities and Burbanks have dropped to an average of about 80 cents.

There was no change in the butter and egg market, but cheese showed weakness and several declines were reported. Receipts of case count locals totaled only 254 cases. Butter arrivals were 87,440 pounds. Only 110 sacks of potatoes, no onions and 10 sacks of sweet potatoes were reported in. The market on these products was steady at prevailing lower figures.

Cantaloupes were in good call and the market was unchanged. Receipts from outside were 3255 crates. New apples to the extent of 606 boxes were shipped in.

HOTELS FOR HEALTH OR PLEASURE RESORTS

AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Dull Headache.

Try "Ely's Cream Balm."
Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. Advertise.

WOULD ENFORCE EQUAL PAY LAW

Teachers Association Leads a
Movement to Raise the
Dead Letters

The California High School Teachers' association, in convention at Berkeley, has started a campaign for the strict enforcement of the law requiring equal salaries for men and women teachers. This law is the one that State Senator Anderson of Santa Ana sought to repeal at the last legislature, one argument being that it was a dead letter law. Some local women's organizations opposed the repeal.

A Berkeley dispatch says: "Led by Miss Laura M. Kingsbury, teacher of history in the Eureka high school, women of the California High School Teachers' association, in convention this afternoon, formally started a fight for salaries equal to those paid to men of the same grades and certification. Convinced that, although there is a state law specifying that there shall be no discrimination for sex, there is a wide difference being made, the women drew up resolutions asking that the State Board of Education enforce that law. These resolutions will be presented to the general session of the teachers' association on Friday.

"The drafting of the resolutions is but a preliminary step in the fight for equality of pay checks, according to Miss Kingsbury.

"A test case of the existing law and a united demand from the women teachers of the state were tentative lines of campaign mapped out in the brief Berkeley session.

"Supply and demand hasn't anything to do with it. It is a habit, declared Miss Gloria Carr, of Los Angeles. 'If we were to put up a fight for what we should be paid we might get it. I do not know as I blame the school board that doesn't raise the pay of a girl who hasn't the nerve to ask for it.'

"Before presenting the resolutions for adoption, Miss Kingsbury related her experiences before the Eureka school board, before the state board, and told of having written to the governor telling of the law and its lack

'CAUSE HE EXPECTS A VISIT FROM HIS WIFE'S MOTHER DEAR!

of enforcement. She states that it was everywhere known that there was such a law, but that many held it ineffective, as if a school teacher has enough money to test a law in the courts, she added.

"In a meeting early in June the State Board of Education passed a resolution endorsing the law and agreed to send copies of its action to the various city and county superintendents of the state.

"The resolution of the women teachers follows: 'Whereas, the state law states that females employed in the public schools shall in all cases receive the same compensation as male teachers who hold the same grade and certification.

"Whereas, the State Board of Education has recently adopted resolutions declaring that it is the sense of that body that the law be enforced and that this resolution be sent to every county and city superintendent.

"Therefore, be it resolved, that we heartily endorse the act of the state board in general and the State Superintendent of Public Instruction in particular and that we ask them to carry the matter still further and that we ask them to do all that lies

in their power to see that the law is enforced."

"The resolution received a unanimous vote."

Los Angeles Produce Market
The influx of tomatoes from Imperial Valley and other outside territory has not been very heavy during the past few days while the demand has been on the increase with the result that the local supply was a little short and the price on the market advanced again to \$1 and a little better per crate. Cucumbers and lettuce also showed some firmness. Sweet corn advanced fractionally on the vegetable list. Peppers have declined and there has been little change in bunch goods.

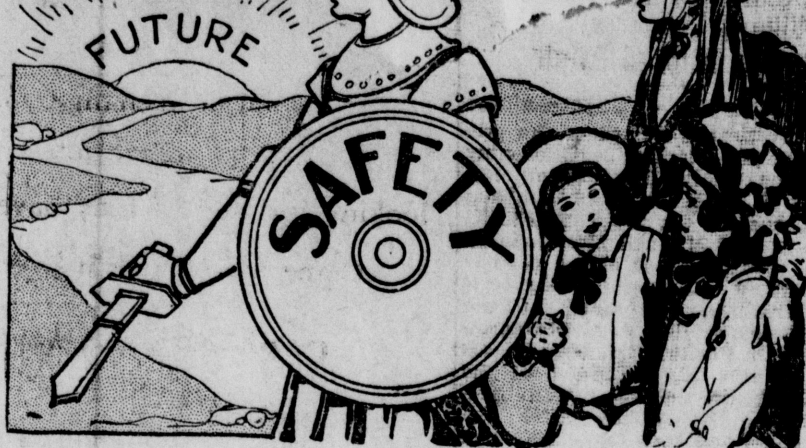

The demand for local fresh fruits and the heavy arrivals of bananas from New Orleans and Galveston has caused some price cutting and dealers in order to sell their fruit dropped as low as 3 cents on very good stock. There were not sufficient pineapples on the market to create any changes in that tropical product which is in good demand. Peaches are very plentiful and some really beautiful fruit is arriving. The quotation by the pound is from 1 1/2 to 2 1/2 cents. Green Gage plums are arriving in quantities and Burbanks have dropped to an average of about 80 cents.

There was no change in the butter and egg market, but cheese showed weakness and several declines were reported. Receipts of case count locals totaled only 354 cases. Butter arrivals were 97,640 pounds.

Only 110 sacks of potatoes, no onions and 10 sacks of sweet potatoes were reported in. The market on these products was steady at prevailing lower figures.

Cantaloupes were in good call and the market was unchanged. Receipts from outside were 3365 crates. New apples to the extent of 600 boxes were shipped in.

AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Dull Headache.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

VON SCHRILTZ SUES SHERIFF \$500 DAMAGES

Declares that Gas Engine Sold
Under Attachment
Was His

Sheriff Ruddock is defendant in a suit for \$500 damages brought today by I. M. Von Schrititz of Santa Ana. Von Schrititz declares that the sheriff sold a gas traction engine that belonged to him under an attachment issued against another man. The sheriff is protected in his act by the company for which he acted.

Von Schrititz declares that he got possession of the engine on February 27. On May 7 the engine was attached on a writ issued from Alameda county in the case of C. L. Best Traction Company against J. A. Winn, and that on June 8 the sheriff sold the engine to the Best company. Williams & Ratan are attorneys for Von Schrititz in an action that will determine the ownership of the engine.

GASOLINE RATE WAR STARTS HERE

Garage Cut the Price to Thir-
teen Cents, Cent Under
Scroggs

A miniature gasoline rate war is in progress here. This morning fourteen gasoline supply stations in this city put out signs bearing the legend, "Gasoline 13 cents."

The decision to cut the price on gasoline was reached last night at the City Hall when representatives from two-thirds of the automobile dealers of the city who sell gasoline assembled.

It seems that a gasoline supply station was recently started at the corner of Second and Main streets by one Scroggs. At first Scroggs sold his gasoline at sixteen cents, which was one cent lower than the price then in effect here among all other dealers. Later Scroggs cut his price from sixteen to fourteen cents.

This price-cutting aroused the other local dealers and resulted in the meeting last night.

One of the dealers said today that the present rate of thirteen cents makes it possible for the consumers to buy gasoline cheaper from the dealers' stations than at present possible to buy from the Standard and Union Oil companies, even in 50-gallon lots.

What the outcome of the war will be is doubtful. The dealers say that it will be impossible for Scroggs to cut his price below fourteen cents and make a profit.

MODESTO DEMOCRAT SEEKS NOMINATION FOR U. S. SENATOR

Thomas F. Griffin of Modesto was in Santa Ana for awhile yesterday shaking hands with all the Democrats he had time to meet. He is a candidate for the Democratic nomination for United States senator, James D. Phelan being his opponent. Griffin declares that while in the legislature he fathered a good many measures and stood behind others that became widely known during the Johnson administration. He declares that his record shows achievements that entitle him to the Democratic nomination for United States senator.

IS BETTER OFF IN COUNTY JAIL

Mexican Woman Sentenced to
Three Months for Selling
Liquor

Believing that Mrs. Antonio Garcia is better off in jail than out of it, since her husband was also sent to jail, Justice Cox today ordered the woman confined in jail for three months. Garcia and his wife were arrested on a charge of selling liquor at Talbert. Their house was raided, and a quantity of drinkables were taken. Three sales on June 17 were alleged against each of them. Today their guilty pleas were entered.

Garcia was sentenced to three months in jail. Mrs. Garcia, a one-legged-Mexican, might have been given probation had not the justice concluded that she would be better off in jail. On top of the jail sentences, the justice gave additional sentences of three months, which will be suspended during good behavior after the three months terms are up.

Burglary Charge
Donacio Melendrez is in jail on a charge of burglarizing Mrs. Mary G. Blackburn's home at Newport Beach. His preliminary was set for July 10.

U. Garaghty pleaded guilty to speeding his motorcycle thirty-seven miles an hour in Anaheim. He paid a fine of \$10.

ONE OF SANTA ANA'S OLDEST BUSINESSES HAS CHANGED HANDS

Store to Be Remodeled and
Restocked Along Modern
Lines

Within a few weeks Bishop's Cash store, the pioneer dry goods business of J. W. Bishop, will pass into new proprietorship. The firm name will be Spicer & Bishop. Mr. Chas. Spicer, having purchased a controlling interest, will assume the management of the business, and Mr. Bishop, retaining a substantial interest, will retire. Mr. and Mrs. Spicer have arrived in Santa Ana and taken up their residence at 601 South Sycamore street, and Mr. Spicer is familiarizing himself with his new business and field while Mr. Bishop is conducting a stock-reducing sale and invoicing after business hours.

As soon as the invoice and stock adjustment is complete, Mr. Spicer will assume the management of the store, remodel it along handsome and modern lines, and stock up in all lines with the latest and best goods.

Mr. Spicer comes from Pomona, where for nine years he has been the junior partner and manager in the dry goods house of C. O. Bowen & Co. He is a young man of exceptionally pleasing personality, fine character and good business reputation—in short, a thoroughly "live wire" in the dry goods business.

CALLS ATTENTION TO BRIDGE; BOARD ALREADY KNEW IT

Division Engineer W. Lewis Clark, of Los Angeles, representing the State Highway Commission, recommends that a permanent bridge be put across the Santa Ana river on West Chapman street. At present the flooring of the wooden bridge at the point is in bad shape. This the supervisors know, and on July 8 they will open bids for lumber for a new floor. It is their plan eventually to put in a concrete bridge, though when that will be done has not been determined.

Engineer Clark's letter to the Board of Supervisors says:
"I wish to call your attention to the bridge across the Santa Ana river on Chapman avenue. I presume that your attention has been called to this matter before. The bridge should be replaced by a permanent and safe structure, as the present bridge cannot be considered otherwise than dangerous."

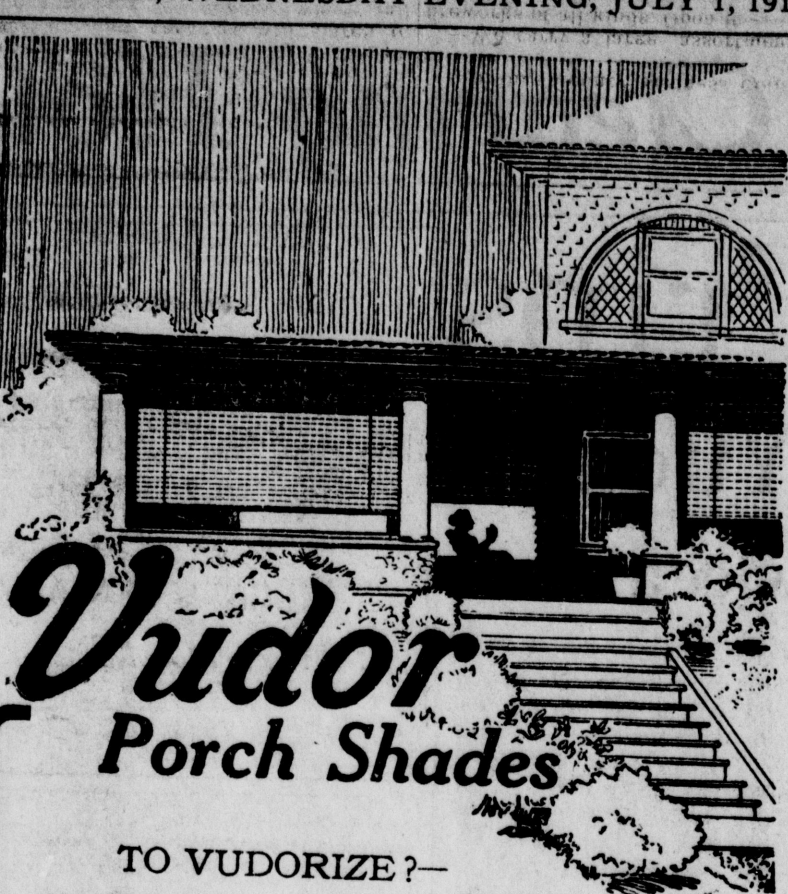

"The bridge in question is not on the state highway layout, as this portion of the previous county road has been excluded from said layout solely on account of this bridge."

LOCAL BANKERS DON HANDSOME UNIFORMS

URGE WAGES FOR THE COLORADO CONVICTS

BOULDER, Colo., July 1.—The payment of regular wages to state convicts so that they may be able to support their families or other dependents during their incarceration was advocated before the Colorado Sociological Conference today by W. E. Collett, secretary of the Denver Federation for Charity and Philanthropy. Dr. Collett's paper was the last of a series of discussions of the general subject of "Dependents, Defectives and Delinquents" at today's session of the conference. Miss Gertrude Valle, supervisor of relief, Denver, opened the discussion with an address on "Social Problems Connected With Public Outdoor Relief," and William Thomas, secretary of the State Board of Charities and Corrections, read a paper on "The Fee System."
